LITTLE CHRISTIAN HOUSE  
Williamsburg, James City County, Virginia

Owner: Williamsburg Restoration (formerly Miss Christian)

Date of erection: Early eighteenth century

Present condition: Good

Description:

This house is said to be one of the oldest in Williamsburg, and the chamfered timbers to be seen over the stair would indicate an early period. The house is frame, a story and a half high, with a steep gable roof. There is a large inside chimney at the west end. The front is three bays, with the door at the right or east. Windows are nine-over-nine lights. The two gabled dormers on the roof have six-over-six-light sash. The east gable contains a six-over-nine-light window. Little of the old woodwork remains on the interior.
